

Hinckley-Big Rock CUSD #429 Chromebook Lab Needs 2019-2020

The 2019-2020 building level Chromebook lab needs are described below. We will evaluate student learning and empowerment as a result of these plans at the end of the 2019-2020 and make any needed adjustments for the 2020-2021 school year to fully utilize technology as an appropriate tool in the education process.

HBRES Building Level Chromebook Lab Needs

- There is currently one Chromebook lab which will be utilized the same way in the 2019-2020 school year. The Chromebook lab is utilized for K-1 students who come to the lab for instructional purposes as well as small group instruction, student assessment in small groups, and individual student work. There are no additional needs for this lab at this time.

HRMS Building Level Chromebook Lab Needs

- With the availability of carts and cabinets storing Chromebooks, there is not a need for a Chromebook lab at HRMS.

HBRHS Building Level Chromebook Lab Needs

- The Chromebook Lab at HBRHS will be utilized in the same manner in 2019-2020 as the 2018-2019 school year. Data will be collected on its use to determine if this lab space is still needed based on the changes in the distribution of Chromebooks for daily use.
