

Hinckley-Big Rock CUSD #429

Technology Integration

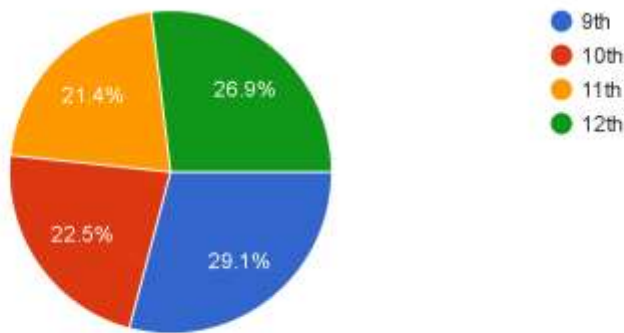

Hinckley-Big Rock High School Survey Results

October 2018

The purpose of this survey was to gather information from our students at Hinckley-Big Rock High School on the use and distribution of Chromebooks. The student responses will be used to help determine our plans for the use and distribution of Chromebooks during the 2019-2020 school year at HBRHS.

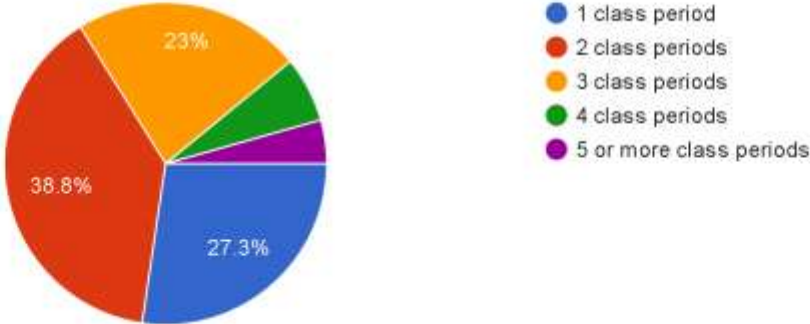

What is your grade level?

182 responses

Estimate the number of class periods that you use a Chromebook in an average day at HBRHS:

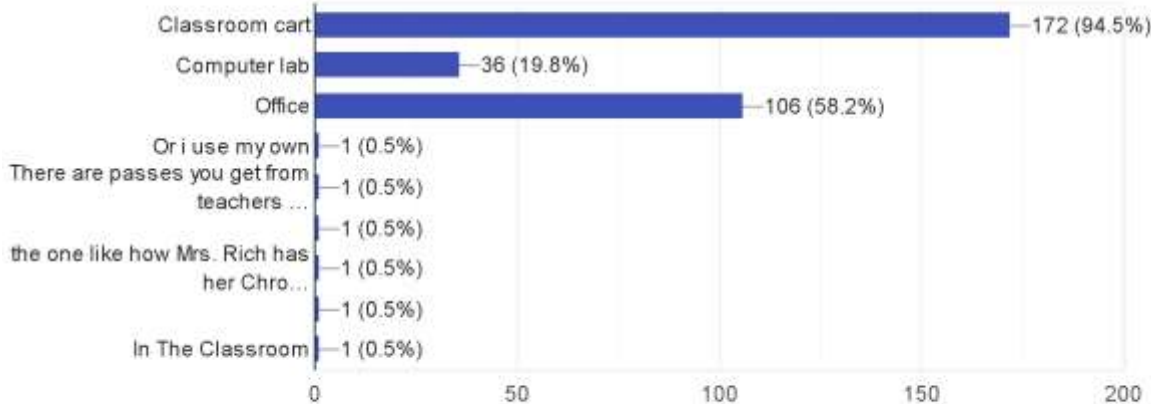

183 responses

Additional Information: 6.6% of students reported using Chromebooks for 4 class periods a day while 4.4% of students reported using Chromebooks for 5 or more class periods.

How do you gain access to a Chromebook? (Check all that apply)

182 responses

What would your preference be for Chromebook distribution on a daily basis at HBRHS?

181 responses

Additional Information: 62.4% of students responded that they would like to be assigned a specific chromebook that they could take home, 24.9% would like carts of Chromebooks in classrooms, and 8.3% of students would like to be assigned a specific chromebook that would be distributed and collected daily.

Additional information was gathered from the students by asking the following questions:

- What are the benefits of using technology in your learning experiences?
- What are the problems you face when using technology in your learning experiences?
- Why would you prefer this type of Chromebook distribution?
- What are the potential benefits of this type of Chromebook distribution?
- What are the potential problems with this type of Chromebook distribution?

We will look for trends that will influence our planning and future direction as we strive to use technology as a tool in the learning process which is driven by the curriculum, enhances student learning, engages students, and improves communication, feedback, and/or collaboration between all stakeholders.
