A.J. Juliani Presentation

- Kids begin their learning journey as curious problem solvers who ask questions and create solutions. As they go through school, something happens to many of our students, and they begin to play the game of school, eager to be compliant and follow a path instead of making their own. As teachers, leaders, and parents, we have the opportunity to be the guide in our kids' education and unleash the creative potential of each and every student. In a world that is ever-changing, our job is not to prepare students for something; instead, our role is to help students prepare themselves for anything.

Note: Turn in your evaluation of the SIP day to the office in your building by Friday, 10.11.19. In return, you will receive your evidence of completion form.
